

vináli™

NUTRIFII™
FIRST STEP THERAPY

A synergistic blend of bioflavonoids, vitamin C, and antioxidants working together to support essential immune functions and promote youthful skin.*

Support Your Life

Vináli's signature blend of grape seed extract, vitamin C, and bioflavonoids provides powerful antioxidants that promote cell health, skin elasticity, immune system health, and protection from free radicals. These together have been shown to encourage anti-aging effects.*

Grape seed extract is one of the most potent antioxidants known to man. It is significantly more potent than vitamin C and vitamin E when used alone. When it is used in combination with vitamin C, as it is in Vináli, there is a synergistic effect that makes it even more potent. The bioflavonoids in Vináli perform the simple yet powerful function of increasing the effectiveness of vitamin C by preventing it from being destroyed by oxidation in the body.*

Hard-working and yet gentle on your stomach, Vináli is the perfect antioxidant supplement for supporting your body's health, both inside and out.*

Key Ingredient: Grape Seed Extract

Grape seed extract's powerful antioxidants are a leading favorite for their ability to fight and destroy free radicals—harmful compounds that contribute to the challenges of aging, as well as common health problems. Beyond its value as one of the most potent antioxidants known to man, grape seed extract is also powerful for immune system support.*

Grapes have been heralded for their medicinal and nutritional value for thousands of years, believed to help with a wide variety of ailments from minor pain relief to swelling to cuts and burns. The bioflavonoids present in grape seed extracts were first noticed in present-day laboratories due to their uncanny ability to support blood vessels within hours after taking them. Studies soon discovered that these chemicals are powerful antioxidants that can help protect against free radical damage.*

Vináli's grape seed extract comes from a family-owned company based in Milan with nearly a century of experience and an impressive tradition of quality checks and balances. You can rest assured in the high quality of our product, knowing that it is screened for nearly 350 pesticides, vastly exceeding current minimum requirements of 34.

Key Ingredient: Signature Vitamin C Blend

Vitamin C is an essential nutrient that must be obtained through diet or supplementation. And because it is water-soluble, vitamin C is easily washed from the body and must be constantly replaced. It is easily destroyed in the cooking process, and studies have shown that people under severe stress, smokers, and those taking oral contraceptives require higher levels of vitamin C.

Adding Vináli to your daily routine is an efficient and effective way to ensure that you receive proper amounts of this essential vitamin without compromising your comfort. Vináli's high-quality blend of non-acidic vitamin C includes calcium ascorbate, zinc ascorbate, and magnesium ascorbate, which are easy on the stomach and may benefit people who have difficulty taking higher potencies of ascorbic acid. This signature vitamin C blend packs a positive punch with the extra wow factor of acerola cherry extract, containing naturally-occurring bioflavonoids, vitamins, minerals, and phytonutrients.*

The Powerful Vináli Trifecta

Grape Seed Extract:

- Helps support cardiovascular health.*
- Promotes brain, skin, and eye health.*
- Is one of the few antioxidants that can penetrate the blood brain barrier and provide antioxidant protection to the brain and nerve tissue.*

Vitamin C:

- Is crucial for the formation and maintenance of collagen, the basis of connective tissue found in skin, ligaments, cartilage, vertebral discs, joint linings, capillary walls, bones, and teeth.*
- Is essential for healing wounds and for repairing and maintaining healthy bones and teeth.*
- Supports the adrenal glands to boost immunity and help produce energy.*

Acerola Cherry:

- Provides nutritional support to the immune system.*
- Protects against free radical damage with its antioxidant abilities.*
- Supports tissue development and aids in collagen production.*

Our Commitment to Excellence

We are committed to bringing the best health and wellness products to you by extensively researching modern nutritional science. The ARIIX 100% potency guarantee is the cornerstone of our quality, and we are dedicated to our mission to Unleash the Human Potential for Good.
